Linea Van Horn – *Judging Planetary Strength*

Not all planets are created equal! In any given chart, how can you tell which ones will be more likely to succeed, and which ones may struggle against the tide? Are “strong” planets everything they’re cracked up to be, and are “weak” planets totally disabled? What about charts with lots of strong planets? Is that as good as it sounds? Using both time-honored and newer techniques, you’ll learn the tricks of the trade for sorting through this crucial piece of horoscope analysis. **Linea Van Horn C.A., NCGR, Founder and President Emeriti of the San Francisco Astrological Society (1992-2014),** respected teacher, published author, and popular, lively public speaker. www.astrologeratlarge.com

Saturday Workshop, October 13, 1 – 5 pm,

OPEN to all levels of knowledge of astrology.

Kay Taylor – *Fearless Astrology*

Saturn, Uranus, Neptune & Pluto! When we see these transits coming up in the future, we can move into fear of the worst possible events, which actually rarely occur, or we can meditate, imagine, envision and act powerfully to create the highest desired outcome. We owe it to our clients to work with our own fear pictures to offer them solutions rather than gloomy forecasts. We will work with famous and personal charts in some depth to create strategies. **Kay Taylor, Faculty/Lecturer at OPA: Organization for Professional Astrology, Intuitive Astrologer, Writer & Yoga Teacher at Kay Taylor: Intuitive Wisdom.** www.kaytaylor.com
