Using Astrology to Thrive Through Life

In an 80 minute lecture, Samuel F Reynolds will provide thumbnail sketches of how particular planetary cycles correspond to physical, mental, emotional and spiritual stages through your first 84 years. His talk will also share insights on:

- How your life is more like a boomerang than the straight shot of an arrow from birth toward death.
- How to manage some of the less oft-discussed cycles like Jupiter Returns, Lunar node oppositions and returns.
- How to help children under 12 cope with their important planetary cycles.

Saturday Workshop, September 15, 1 – 5 pm

\$20/\$25 members/non-members, UA and PCC students \$5 off with ID.
OPEN to all levels of knowledge of astrology.

Living the Soul's Life: How to stay more on track toward your life's calling and purpose.

Using key astrological points and planetary cycles, like the mid-heaven, the lots of spirit and fortune, the 12th house, Saturn and Jupiter returns, and the Uranus opposition, Reynolds will instruct and guide workshop participants through these multiple ways that astrology offers clear glimpses of our individual callings and sense of purpose. We can then better observe and alter how we deviate or stay on track with this sense of purpose as we contemplate our charts and these cycles and points.
