“Everything You Ever Wanted to Know about Uranus, and more...”

Uranus is the planet of the impossible, the improbable, and the instantaneous. We know that Uranus brings shock and awe, but why? How are lightning, the nervous system, electricity and awareness tied into this story? What does it mean now that Uranus is zapping its way through the fixed earth sign of Taurus? And, of course, how do we interpret Uranus natally, by transit and in relationship?

Saturday Workshop, February 9, 1 – 5 pm

\$20/\$25 members/non-members, UA and PCC students \$5 off with ID.
OPEN to all levels of knowledge of astrology.

“Becoming a Better Astrologer: The Theory and Practice of Improving Client Consultations”

You know the basics, but seek something more in your chart work. Learn useful concepts and specific techniques designed to alter your approach to natal and transit astrology, enabling you to more profoundly touch your clients. This workshop combines presentation, discussion, group process and astro drama to improve the natal chart interpretation skills of astrologers at all levels of study and practice. Participant charts will be used real-time to illustrate principles of astro drama and astrological role playing. This workshop will give consulting astrologers useful tools to apply in their client work, while helping serious students facilitate a transition into professional astrology.
