HOLISTIC LOVE: A New Astro-Paradigm for Relationships

We all want to succeed in our personal relationships and astrology can show us the way. By examining personal planets and the underlying principles of each astrological house, condensing them into insight affirmations, and applying them to our particular relationship, Ra has created a new vocabulary that acts as a holistic relationship blueprint. By such means we are able to gain deeper insights into our relationships and elevate them to greater heights. Bring your own charts and we will work through these insights together.
