## **Larry Martin's 2020 Annual Forecast**

This year, the 2 hour presentation gives you every detail of what's going to happen in 2020. Stock Market hits 30k? Where do UK, China, Mexico, and others fix their problems? How about North American issues? Has the entire world lost its mind? Promised good time to be had by all unless you're a banker, politician or a car salesman. Ok, if you sell cars, you might have fun accidentally. All the planetary aspects for 2020 will be gone over in detail, plus numerous charts of nations and politicians; as well as stock market and economic trends. Find out on Friday, the 13<sup>th</sup> at 7:30 pm.
