**August 14, 2020**

**7:30 pm PT and AZ time via ZOOM**

**Zane B. Stein**

## **CHIRON – YESTERDAY, TODAY AND TOMORROW**

Astrologers began calling Chiron 'The Wounded Healer' only months after its discovery, but we have learned a lot more about it over the past four decades. Zane will hone in on how Chiron is manifesting in our world today, and then take us on a journey from the early glimpses of its nature through to how we can best use it in the charts we look at today, and into the future.

**BIO:** Zane B. Stein pioneered research into Chiron, and is considered the leading authority on the minor planet. His book, Essence and Application: A View From Chiron, is still the most widely read text on the subject. He is currently seeking to unravel the meanings of other Centaurean bodies and the Trans-Neptunians. He began studying astrology in 1969, and has shared his astrological knowledge giving lectures throughout the USA, in Canada, Great Britain and Ireland. He has also lectured throughout Australia, where he now lives with his wife Lynette Malone, who has opened a school of astrology in the Perth area. He can be reached by e-mail at: [zanestein@zanestein.com](mailto:zanestein@zanestein.com) or by snail mail at: 3 Kent St., Victoria Park 6100, Western Australia, and you can read about his ongoing research on his website [www.zanestein.com/Chiron.htm](http://www.zanestein.com/Chiron.htm)
