PLUTO RETURN OF THE U.S.**

On **February 2, 2022**, (02022022) **Pluto will return** to its exact degree of alignment in the United States birth chart, which was 27degrees and 32 minutes of Capricorn on July 4, 1776. Like any return, this transit represents a fundamental assessment of the energy involved based on the point itself, the sign it occupies, and the area of life (house, if known). Because the point involved is Pluto, which represents upheaval and death/rebirth, and it moves so slowly, returning approximately every 247 years, the duration of the return stretches over several years, including years leading up to the first exact return and years after the third exact pass (direct/retrograde/direct).

This presentation will explore the meaning of the Pluto return in the US chart and for the US citizens. It will also include a discussion of Saturn in Aquarius, Uranus in Taurus, and Neptune in Pisces; all collaborating to upheave and transform the US in fundamental ways experienced in the same intensity as the revolution which birthed the country, the Civil War that nearly destroyed it, and World War II that elevated it to superpower status.

**Philip Young, PhD, BIO:** I am a spiritual adviser located in Cary, North Carolina. I earned my PhD in English from the University of North Carolina at Greensboro in 1996 and had a career in academics until 2007, when I retired to become a stay-at-home father. In 2013 I "hung out my shingle" starting my business Black Unykorn Enterprises, LLC. I provide spiritual guidance using different tools: astrology, tarot/oracle cards, numerology, and past life regression (using muscle testing). With a home office, Zoom, WeChat, and WhatsApp, I work with local clients in person and at a distance with clients from around the world.

You can read about my practice and contact me through my website: <https://www.blackunykorn.com>.
