### FRIDAY, OCTOBER 9, 7:30 pm AZ/PT, RENN BUTLER

#### 2020 Insight: Jupiter-Saturn-Pluto and the Death-Rebirth Struggle of the Human Psyche

We are living in intensely pressurized and transformative times. In this talk we will look at the major world transits this fall, their corresponding archetypal themes, and some of the ways we can work with those energies and emotions. I will introduce the research of Stanislav Grof and Richard Tarnas concerning the deeper structures of the human psyche and how astrology can help us to navigate those terrains. We will also explore how aspects of the spiritual death-rebirth struggle, associated with the great Jupiter-Saturn-Pluto conjunction this year, tend to manifest in the world of music, film, and art.

**Renn Butler** studied with Richard Tarnas and Stan Grof at the Esalen Institute in California, certifying as a Holotropic Breathwork™ facilitator in 1989. His first astrology book, *Pathways to Wholeness* which looks at psychedelic experiences, was published in 2014, followed by *The Archetypal Universe* in 2018 which focuses on dreams, and *Oh, Goddess* in 2020 about relationships. His ten-month online course in *Archetypal and Holotropic Astrology* has received enthusiastic reviews.

### SATURDAY, OCTOBER 10, 1 pm AZ/PT, ROY GILLETT

#### The Astrology of the World Economy before, during and after Covid-19

Roy will use long, medium and short term astro-cycles to put today's dramatic changes in perspective. He will then trace how the current Mars, and imminent Mercury, retrogrades will relate to Jupiter and Saturn in Aquarius. To what extent will the present World economy survive or change? Does it have to be for the worst? Could it be for the better?

**Roy Gillett B.Ed** (Hons Ldn), President United Kingdom's *The Astrological Association*, full-time consultant astrologer since 1976, astro-software adviser since 1988 [especially Solar Fire], astro-finance researcher, international conferenceorganiser and speaker.
