U.S.A. PARADIGMS of FEAR, from Valley Forge to 9/11 to Spring 2020. John Lennon asked, "Why in the world are we here? Surely not to live in pain and fear." America's leaders since Spring of 1778 do not agree with John's assumption. Lunar North Node Returns to 2+ degrees of Cancer show U.S. leaders in new crisis and the American people again living with a new fear, the nation's 14th. Using a chart for the USA set for 11:18 a.m. LMT, Philadelphia, July 4, 1776 we find ourselves dealing with a "that changes everything" latest new fear starting in Spring 2020. Previously, Mean North Node was 2+ on 9/11/2001. It is interesting to look back at other such paradigm of fear in U.S. history, such as the Red Scare post WW II.

Now, near the end of the American Empire, it is time to investigate "What's Goin' On" as Marvin Gaye asked. Look and listen in — unless you are afraid to do your own thinking.

Bio: Dale O'Brien, age 69, is a professional astrologer and Certified Astro*Carto*Graphy Interpreter who has been in full time practice since 1991. He began his study of astrology in 1969. Nature was and is his first and greatest astrology teacher. Hence, his approach to astrological understanding is based on the Elements and Seasons of Nature (not abstract "key words.") He also integrates into astrology the Greco-Roman mythology of the Gods and Goddesses.

Besides his individual client work (over the phone), Dale has presented experientially and conventionally at local, national and international astrology gatherings. His astrological writings have appeared in *THE MOUNTAIN ASTROLOGER* magazine and elsewhere, including in *From Here to There (An Astrologer's Guide to Astromapping)* as well as at his website www.chironsouljourneytruth.com and via his free e-newsletter, *Astrology's Minority Report*. He also shares his astrological perspectives via YouTube videos, such as eclipse paths of 2017 and 2024 eclipses, *Meeting Neptune at Neptune Beach*, etc.

Now, for the first time anywhere, he will present to The Tucson Astrologers' Guild a contemporary and historical perspective on the Lunar Nodes cycle in relation to U.S.A.'s astrological chart.
