FRIDAY, February 12, 7:30 pm AZ/MT – ALAN CLAY

The Blessing of Ixion - Pluto's New Lawless Brother

Ixion and Pluto both orbit at an angle to the ecliptic of all the other planets, spending half their time in the underworld. And the myth of Ixion tells us that this new dwarf planet energy in our chart knows no boundaries and is passionately focused on his own lawless goals. This talk explains why we need this energy now in our lives. At the spiritually evolved level he offers us the opportunity to define our own rules and live life on our own terms, while respecting the implicit agreements in our relationships and transmuting our base emotions.

BIO: New Zealander **Alan Clay** has a background as a humanistic astrologer inspired by the work of Dane Rudhyar. Over the years this has broadened into a study of the newly discovered Dwarf Planets. His book, *Sedna Consciousness, the Soul's Path of Destiny* was very well received at its launch at UAC in Chicago and reviewers have called it: 'a groundbreaking book', 'essential reading for astrologers' and 'a treasure trove of information and inspiration'. He has lectured at the State Of The Art Astrology Conference, the FAA Astrology Conference and the Breaking Down The Borders Astrology Conference. Website: www.dwarfplanetastrology.com

SATURDAY, February 13, 1:00 pm AZ/MT, LIN EWING

Progressions: Personal Unfoldment and Evolution

Progressions show a person's internal evolution, the changes in attitude, preferences, and focus as the natal planets "progress" forward in time, changing signs and houses from birth forward. Through the progressed chart we also see how the "progressed" planets interact with the natal planets; this shows the types of situations and changes that are coming up, enabling us to forecast or predict what energies are coming and how they will affect the person.

Part of the workshop will include looking at the natal and progressed charts of people attending the class. Please send your birth data to Gael a week before the meeting in order to have your chart included: month, day, year; exact time of birth as it appears on the birth certificate; place of birth.
