FRIDAY, April 9, 7:30 pm AZ/PT – Lynda Hill

What can we learn from the Sabian Symbols about 2020 and 2021?

The Sabian Symbols are a fabulous divination tool that reveal, brilliantly and often very literally, what is going on. Based on the degrees of the zodiac, they provide amazing insights into how to navigate the energies we are dealing with, both in our charts and as an answer to a question. What do the Symbols say about 2020 and the challenges we've been facing? And, how does 2021 shape up?

Lynda Hill is a second generation astrologer living in Sydney Australia. She has specialized in the use of the Sabian Symbols for over thirty years and has traveled the world extensively teaching about their use. Lynda's book *The Sabian Oracle: 360 Degrees of Wisdom* is a favorite divination tool for many astrologers.

SATURDAY, April 10, 1:00 pm AZ/PT – Steve Weiss

The 96 Incarnations: How Personality and Soul Purpose Are Revealed by the Sun Sign, the Moon Phase and the Hollywood Stars

In 1970, a famous White House drug policy meeting took place between Richard Nixon and Elvis Presley. This encounter was superficially strange to everyone, except possibly to the two men who apparently had enormous empathy for one another. Perhaps this had something to do with both being Capricorns and both being born during a new moon phase?

In his classic work, *The Lunation Cycle*, Dane Rudhyar introduces the notion of Sun/Moon phase relationships as central to an understanding of personality and soul evolution. In his new book, *The 96 Incarnations*, Steve Weiss considers the lunation phases through the lens of good old sun sign astrology. To illustrate his findings, Steve considers the biographical data and direct quotes of over 1,000 celebrated popular and historical figures to demonstrate how the Sun and Moon are truly at the heart of astrological insight. Soul purpose, personality insight and People Magazine! You can't help falling in love with this combo (or so wise men say).

Steven Mark Weiss, Author, has also written extensively for consumer publications ranging from the *Chicago Tribune*, to the *Phoenix New Times*, to *American Astrology*.
