Madalyn Hillis-Dineen:

Parans & Crossings

An often overlooked but vital technique for astro-mapping, parans or line crossings can make or break a location's benefits. In this lecture you will learn how and why parans work and how understanding them can add to your ability to decide where along a beneficial line might be best. We will also learn how to use a paran clock, an amazing tool for daily life.

Biography: Madalyn Hillis-Dineen began her study of astrology with the Uranian system in 1979 and has taught, lectured and practiced Uranian (Symmetrical Astrology) techniques for more than 40 years; she is also a certified Astro*Carto*Graphy interpreter and is a CA NCGR-PAA. She has written for a variety of publications, StarIQ.com, and is a contributor to the Llewellyn anthology, "Astrology for Women: Roles and Relationships." Madalyn is the Vice President of Sales and Marketing of Astrolabe, Inc. and currently teaches Uranian Astrology and Astro*Carto*Graphy for Kepler College. An active leader in the astrological community, Madalyn is the winner of the 1995 UAC Regulus Award for Community Service, was the national Chair of NCGR and was one of the coordinators of UACs 2008 and 2012.
