### Maurice Fernandez - JUPITER: TRUTH and DARE

**Jupiter** currently races through the sign of Pisces, and in its process will conjunct Neptune at 23 Pisces and Venus at 27 Pisces, before entering Aries in May.

In this presentation we will explore the greater nature of the JUPITER CYCLE and then focus on its current alignment, particularly as it readies to cross the 1<sup>st</sup> degree of the zodiac. What are the deeper intentions of this cycle? How can we navigate these strong waves effectively?

**Maurice Fernandez, author of the books “Neptune, the 12<sup>th</sup> House and Pisces” and “Astrology and the Evolution of Consciousness – Volume One,”** is a leading Evolutionary Astrologer with a worldwide reputation of depth and excellence for his diploma program in astrology, publications and consulting work. He is currently based in Arizona. Maurice is OPA certified and served as president of the organization for three consecutive terms (2014-2020). ### Janet Booth - THINKING SPATIALLY

The planets don't just go round and round; they also go up and down. Our tour around the celestial sphere will better acquaint us with the ecliptic and equator and their relationship. In the process, we'll encounter declination, including out-of-bounds planets, parallels, contra-parallel and a fascinating hybrid: declination longitude. Our discovery will shed light on significant factors affecting current events that you cannot spot from an ephemeris. We'll also peek at some charts to demonstrate how you can use declinations in your astrological analyses.

**Bio:** For four decades, Janet Booth has served an international clientele of individuals, couples and businesses. With Level II NCGR certification, she's taught astrology at all levels, including NCGR conferences and UACs, and she's been published in *The Mountain Astrologer*. In writing her *Janet's Plan-its* calendars for 18 years, she honed her skills in electional astrology, one of her specialties. Now she provides her day ratings and daily guidance based on the transits in free morning emails.
