## **NICK DAGAN BEST**

Russia was ruled by three distinct regimes over the course of the 20th century, and yet has somehow maintained an unchangeable core in its national character. The eight-year synodic cycle of Venus charts the astrological course of Russian history from the Romanov dynasty through the Soviet era to the present regime, transcending the fixed and finite parameters of any given foundation chart. This workshop also examines planetary cycles relative to Ukrainian history, dating back to the Mongol sacking of Kiev in 1280. Finally, the Venus synodic cycle traces a similar pattern in the history of political assassinations in both Russian and U.S. history.

Nick Dagan Best is a Montreal-born astrologer currently based in Cape Town, South Africa. He has written for commercial websites like StarIQ.com and [astrology.com](http://astrology.com), and has spoken at numerous ISAR, NCGR, NORWAC, and UAC conferences. *(Nick is facsinating; a walking Ephemeris and historian.
