Doors open at 6:30 pm.

Meet and greet new and long time members not seen for awhile as well as visitors just getting acquainted with TAG or astrology. Bring a finger food to share. TAG will provide beverages.

Discussion meeting 7:30 pm.

In the older tradition of TAG we will sit in circle and get to know each other. We'll start the discussion by sharing where our Moon is in our natal chart, bring some object or dress up like your Moon Sign if you want to. (If you don't know where your Moon is. We will pull up your chart on a computer.) Then we can discuss current aspects or our favorite astrologers that we have been watching and what we have learned recently. We may or may not be able to share this meeting by Zoom with our distant members but we will try.
