## **A Look at Jupiter in Aquarius, Pisces and Aries, with Neptune in Pisces, using Permaculture Principles**

Using permaculture principles, Taylor will provide a view on Jupiter's transits through Aquarius, Pisces and Aries. Permaculture is an ethical, nature-based regenerative design framework that was originally used for creating abundant, self-sustaining, no-till food forests. Since its codification in the 1970s, permaculture has been applied to people (People and Permaculture, MacNamara), integrated economic principles (8 Forms of Capital, Applesseed Permaculture) and Business Management (Permaculture Applications for Business Management, Shuler). Join us as Taylor ventures into new territory applying permaculture to astrology in order to help our clients thrive, and develop grounded solutions for making the world a better place.

**Bio:** Taylor is a practicing professional astrologer. Named one of OPA's Most Promising Astrologers in 2022, she has completed the AFAN Mentorship Program for professional astrologers, is in progress to obtain professional astrology certification from The Organization for Professional Astrology (OPA), and the Horary Practitioner Certificate from the School of Traditional Astrology (STA). Taylor also holds a Permaculture Design Certificate from Permaculture, UK. She practices a liberal arts approach to astrology, integrating Hellenistic, Evolutionary, Locational, Psychological, Vedic and Shamanic traditions, and regenerative permaculture ethics and design principles.

### **Celeste Brooks - Moon Phase Families**

The 29-day moon cycle is just part of the story. A 27-month lunar gestational cycle opens at each new moon. Significant stories unfold during this time. Approximately, the same degree will experience an advancing activation every nine months: at month 9, the opening quarter phase; at month 18, the full moon phase; and at month 27, the closing quarter phase. When the luminaries activate a planet or angle of a natal chart, the moon cycles bookmark critical events in our lives. Celeste will discuss her work with these longer phases and present examples of world events.

**Bio:** Celeste Brooks is the Founder and Principal Astrologer at Astrology by Celeste LLC, where she offers personal readings, horary consultation, cosmic success coaching, group events, and classes. Before transitioning into astrology full-time, she had a successful sales and marketing career at Fortune 500 companies spanning over 25 years. She has an undergraduate degree in Integrative Biology from UC Berkeley and an M.B.A. from St. Mary's College.
