## **Celestial Superpowers: Using Fixed Stars in Natal Astrology**

Fixed stars once played a major role in astrology. Despite astrology literally meaning 'study of the stars,' today many astrologers view the fixed stars as add-ons or dismiss their significance altogether. Psychological astrology is largely mute regarding their influence. Even some traditional astrologers have asserted they have no meaning in natal astrology. In this talk, Michael explores theoretical approaches to integrating the fixed stars from a psychological and spiritual perspective and presents illustrative examples.

**BIO:** Michael Barwick is a professional astrologer with 30+ years of experience in the field. He maintains a practice centered in Toronto, Canada, is an international speaker, and writes about astrology. Personally, and professionally, Michael sees astrology as a powerful tool for self-understanding, empowerment, and authentic living. Using both modern and classical techniques, Michael provides astrological services to empower clients to make more creative and conscious choices.
