### **MEETING LIFE THROUGH THE NATAL and PROGRESSED LUNAR PHASE**

When preparing for an astrological consultation (for yourself or others) a vast amount of information can be considered, but what if there is an easier way to get right to the heart of where your life is currently at from the inside out? This talk is an exploration of meeting the chart through the natal and progressed lunar phase. We allow ourselves to receive grounded information that allows us to work smarter not harder. We will discuss the phases, hand calculate the phases, and the exploration of the celebration of cyclical deaths. We will calculate, discuss, and celebrate charts of people, businesses, and countries! (SO fun)!!!!

**Saturday, February 11, 1 – 5 pm, Members \$20, Non-members \$25**

### **ASTROLOGY MEETS BUSINESS: LET'S WORK SMARTER, NOT HARDER**

Join Stormie Grace in exploring how to use the chart of your business to create the business foundations that will steer and navigate your company in the most successful manner possible. We will begin with your business chart and meet your business, from there I will show you how to use that chart to create your business plan, branding, media kit, and finally the accounting set up! We will walk through the process of creating your foundation and have time for personal examples from our class. It seems very practical (and it IS), but it's so astrological. Please come prepared with a chart or potential chart for your business. If you are not there yet just bring your natal chart and we can still explore!!

By the end of our session, you will have all you need to get your business moving!
