Astrodrama! Discussion & Experiential Workshop

160 S. Avenida Del Convento. Suites 168 & 170,
in **The Monier Building**, apartments with retail on the bottom floor.
You can park anywhere: parking spaces or a dirt lot across the street.
(This is a new location we are trying out for this event, in a new studio used by Lisa Warman, one of our steering circle. It is just west of the freeway off Congress Street.)

FREE of Charge!

OPEN to all levels of knowledge and interest in astrology.
Donations gratefully accepted.

This will be an interactive learning opportunity, a chance to experience the planets first hand, a chance to play! We will act out the planets in someone's chart or the current transits. It's amazing how the planets can speak through us! Participation is voluntary. We'll have discussion as well as improvisation.

Facillitated by Susie Cox and Gael Chilson.
