### **“JUPITER AND URANUS IN TAURUS: A CATALYTIC DUO”**

Jupiter and Uranus have not been together in Taurus since May of 1940, with their exact conjunction at 25Taurus38 on May 8, 1941. 83 Years later finds an exact conjunction April 21, 2024 at 21Taurus51. They are both in Taurus from May 16, 2023 until May 25, 2024 when Jupiter enters Gemini.

From an astronomical and synodic perspective, Uranus is the higher octave of Jupiter. There is astrological validity to this also. Jupiter amplifies Uranus, and Uranus provides the unexpected, the unimagined, and extreme novelty. This combo is a supreme assemblage point breaker, as if both are on steroids. What can this intend in Taurus?

Uranus and Jupiter transits and natal complexes will be explored as well as an historical overview of this dynamic duo. Navigation strategies will be offered.

**October 21, Saturday, 1-4:00 pm AZ/PDT In-Person & by Zoom, \$20/\$25**

### **“THE HIJACK OF SATURN”**

The usual astrological understanding of Saturn has been based on the last 2000 years of “Western” history, and dominated by an extreme patriarchal bias. Paired with doctrines like “original sin,” all too often Saturn has associations with judgment, deficiency, guilt, shame, the Freudian super-ego, and perfectionism. But is this really what Saturn is about? What has Saturn been a symbol of for 100,000 years of global humanity, and not just the last 2000 years? I believe that how Saturn is now often interpreted is a hijacked or even inverted caricature. Just possibly Saturn is quite different than what you have assumed, and is indeed: “Saturn the Liberator!” This workshop will cover all things Saturn: transits, natal aspects, time-line cycles and global cycles.
