Astrological Mavericks: Do you have what it takes to change the world?

Some of us are walking billboards for the planets. We wear their mark in a way that is simultaneously unseen, yet seen by all. If you or someone you know has a planet conjunct one of the birth chart's angles, this is a big billboard and the mark is not likely washed away. Planets conjunct the AS/DS and/or MC/IC are super powered archetypal energies expressed in a person's life. Michael will present observations from his book Astrological Mavericks which illustrate the dramatic effects such placements make in an individual's life and how they impact society and thereby change the world. Surprising examples of both negative and positive expressions will be illustrated for the 48 placements for each planet -not just the standard two of sign and house. Join us for a lively and informative talk presenting anecdotal evidence from the lives of numerous mavericks who continue to change our world. There will be opportunities for questions and discussions.

Saturday, March 9, 1 – 4 pm, Members \$20, Non-Members \$25

Mavericks Unshackled Workshop: In this interactive workshop, Michael will be reviewing participants' astrological birth charts and synthesize his knowledge of angular planets, astrology and Core Energetics to guide and support you in being the world-changing maverick you came here to be. Please bring your natal charts as well as your desire to share, identify and align with the opportunities you have to manifest your maverick power to change yourself and the world.
