The Lunar Nodes and the Churning of the Soul

"In much of the Western astrological traditions, the Lunar Nodes are often seen as esoteric and difficult to access in terms of the natal chart. Through nodal returns, reversals, and squares, I posit that we can see how the axis of the Lunar Nodes plays a vital role in the churning of the Soul as a process of refinement & growth over the course of a lifetime."

BIO: Joli Knott is an astrologer, Reiki Master & teacher. Born to Indian immigrant parents in the US, Joli's awareness of astrology began from a young age, but it wasn't until her time abroad that her interest deepened. She lived in Japan for 20 years & has been in the UK since 2013. Joli holds a Bachelor's Degree in Japanese & Economics from Georgetown University in Washington, DC & a Master's Degree in History from the School of Oriental & African Studies London. As a result, Joli's eclectic, somatic, and mythopoetic approach to astrology situates the individual in the wider context of history, economy, and ecology. She is a keen follower of international politics and a lover of languages, the latter because she loves to talk! Joli will be featured as a new speaker at the upcoming 2026 United Astrology Conference in Chicago next September. <https://linktr.ee/bodhimindful> joli@bodhimindful.com
