“COME AS YOUR MOON”

In-Person, TAG Members & Friends

Potluck Party and Free Discussion Meeting

Donations gratefully accepted.

Bring a dish of food to share. TAG will provide tea & coffee, plates & utensils.

The idea is to dress up in some way that represents your moon sign. Bring a prop if you like. When we gather in the circle we will take turns sharing our experience of what it feels like to be our moon sign, the more challenging aspects and the easy/fun ones, too. This may be offered without words, purely as motion/physical expression. We might present our Moon and let others guess the Sign.

We may offer a couple of short videos, either from the Astro-players of the early TAG days or some other short recent astrological video that we found interesting.

Then we'll have a more serious discussion about the Tucson Astrologers' Guild, what it means to each of us to have this organization and how we can all participate in making it better, reaching more people, and be involved with making it happen on a monthly basis. The steering circle wants to hear from the members as to who you would like to see as speakers whether in-person or by Zoom. We need more TAG members that are willing to be involved with set-up and advertising, too.
